

Corporate Immigration Lawyer – Partner/Senior Associate

This role is suited to a talented and ambitious senior corporate immigration lawyer who is either already a partner, or a senior associate who is looking to progress to partner level. Feel free to reach out on a confidential basis to discuss how we can work together.

As an established senior lawyer, you may be curious about moving firms, or about making the step up to partner level. We work closely with our senior hires to develop a focused business plan, and to compare existing networks to seek out synergies, to ensure you feel confident to hit the ground running and are supported.

We are proudly different from other law firms. We are known for our international work, including cross border work – our team wrote the leading practitioners textbook on reorganisations across Europe - but we have an established UK client base.

International business is in our DNA. We act for a broad range of clients including growth companies, international listed companies, household names, financial institutions, several foreign embassies, and entrepreneurs, investors and City executives.

Our employment and immigration team is comprised of 4 partners, a legal director and an associate (who specialises in Immigration work).

We like to travel and seek out new experiences. We encourage our lawyers to apply for secondments to one of our associated ebl offices in Europe (Belgium, France or Germany), and there are frequent opportunities to take part in international business development initiatives.

You will be based in our new bespoke offices at 27 Greville Street in Farringdon, where you will work in a creative, entrepreneurial and supportive environment. We embrace flexibility. We have a team day where we are all meet together, and we can discuss the balance of days in the office/from home. We are open to discussing part time work.

We celebrated our 20th anniversary last year, with a party for clients on our roof terrace. We encourage teamwork, and having fun. Whether at our monthly drinks, client drinks, our firm BBQ, walks in the countryside, or at ebl events in Europe.

In addition to a competitive salary, bonus schemes and benefits we place an emphasis on giving our team flexibility and the platform to grow – including providing a marketing/BD budget. The wellbeing of our talented team is crucially important. We appreciate that practicing law is a marathon and not a sprint. All staff receive 30 days holiday per annum and the usual bank holidays (or PTE). In 2022 we introduced a policy banning internal emails after working hours and at weekends. Why? because we want to set an example, and to ensure that everyone is properly rested, and to have a work life balance. 2023 is an important year as we continue our growth, having recently recruited a new Head of Corporate.

We are looking for a skilled and ambitious self-starter who can assist our Head of Immigration, Helen Murphie, to grow the immigration team.

You are enthusiastic and confident, with an entrepreneurial attitude, and you should have a client following and a well-developed referral network. In addition to helping Helen to build the immigration team and help the firm generate business in London, Europe and internationally. You will support and strengthen the employment and immigration team's expansion and help generate business in London, Europe and internationally.

Essential skills and experience

- Experience working in a well-regarded law firm (as a guide 6 to 15 years PQE)
